

ARMASOUND Barrier

ArmaSound[®] Barriers

High performance barrier for a quieter environment

ARMASOUND Barrier: High Performance Barrier for a Quieter Environment

ArmaSound Barrier E:

Vinyl sound barrier mat loaded with naturally occurring minerals. The product is free of lead, unrefined aromatic oils and bitumen. It is excellent at reducing the transmission of airborne sound and in enhancing the insertion loss performance of pipe insulation by providing a barrier to noise.

- ▶ Lead free
- ▶ Flexible

ArmaSound Barrier T:

Bitumen based, lead free, sound barrier mat ideal for use with metal claddings. It is excellent at reducing the transmission of airborne sound and in enhancing the insertion loss performance of pipe insulation by providing a barrier to noise.

- ▶ Efficient and weight saving
- ▶ Anti-drumming of thin wall sheet metal
- ▶ Excellent adhesion on stainless steel, sheet metal and plastics
- ▶ Lead free
- ▶ Flexible

ARMASOUND Barrier
